Reztore[™] Topical Antistat Application Instructions

Figure 1. Reztore™ Topical Antistat 1 quart (1 litre) spray bottle 2.5 Gallon (10 litre) Bag-in-Box

Description

Reztore[™] Topical Antistat is a topical antistatic solution for use on dissipative and non-ESD surfaces. After Reztore[™] Topical Antistat has been applied and the surface dries, an antistatic and protective static dissipative coating is left behind. The static dissipative coating will allow charges to drain off when grounded. The antistatic properties will reduce triboelectric voltage to under 200 volts. Reztore[™] Topical Antistat will enhance existing electrical properties of ESD surfaces and give non-ESD surfaces electrical properties until the hard coat is worn away. Reztore[™] Topical Antistat does not leave behind any harmful insulative barriers.

General Guidelines

Reztore[™] Topical Antistat can be used on a variety of surfaces, especially surfaces used in a static sensitive environment. Surfaces include but are not limited to: rubber, vinyl and polyethylene table and floor mats, field service kits, laminated table tops, tote boxes, epoxy, painted surfaces, plexiglass, glass, metal, 3-ring binders, computer screens, computer keyboards, shelving, push carts, conveyor belts, etc.

Directions

Surfaces:

Apply Reztore[™] Topical Antistat to the entire surface to be treated using either the pump or trigger spray bottle. Use a lint-free cloth to wipe the surface evenly. For rough or porous surfaces two coats may be needed to obtain proper protection.

Made in the United States of America

Figure 2. Applying Reztore™ Topical Antistat to the mat.

Other Surfaces - Keyboards:

Dampen a lint-free cloth or a lint-free swab with Reztore [™] Topical Antistat. Wipe surface to be protected using either the cloth or swab. The swab will work best for tight spots like between keyboard keys. Use the cloth to wipe the remaining surfaces of the keyboard or surface to be protected.

Figure 3. Cleaning a keyboard with Reztore™ Topical Antistat

When dry, Reztore[™] Topical Antistat will leave a thin protective antistatic, as well as static dissipative coating on the surface. This enhances existing ESD surfaces and will give temporary electrical properties to insulative surfaces.

DESCO INDUSTRIES INC. • 3651 Walnut Avenue, Chino, CA 91710 • (909) 627-8178 • Web Site: Descolndustries.com

Specifications

Reztore[™] Topical Antistat has zero ionic contamination, which will neither contaminate nor corrode sensitive components and assemblies.

lon	Level (mg/l)	Limit of Detection (mg/l)
Bromide	ິ<3	3
Chloride	<1	3
Fluoride	<0.5	0.5
Nitrate	0.5	0.5
Nitrite	<0.5	0.5
Ortho-phosphate	<5	5
Sulfate	<3	3

Meets conditions of clean room class 1 for above listed ion contaminants per FED-STD-209C.

Electrical Properties

Surface Resistance 1×10^{6} to $< 1 \times 10^{9}$ ohms per

1 x 10° to < 1 x 10° onms p ANSI/ESD S4.1

Triboelectric Charge	<200 volts
Charge Decay	.02 sec. FTMS 101C,
	Method 4046

Testing

It is recommended to test the surfaces after applying to ensure that all insulative areas have been coated. Desco Industries recommends Reztore[™] Surface & Mat Cleaner to thoroughly clean the surface before applying Reztore[™] Topical Antistat. Reztore[™] Topical Antistat is specifically designed to leave behind an antistatic as well as static dissipative coating of 10⁹ ohms, to enhance and provide the static safe properties of the surface. Testing for either surface resistance point to point (RTT) or resistance to ground (RTG) will indicate if the surface is coated properly.

Field Test:

For quick and easy verification of surface resistance we recommend the use of a megohmmeter. These are available from many Desco Industries companies. For testing of static fields, we recommend the use of a static field meter. These instruments are also available from many Desco Industries companies.

Storage:

Reztore[™] Topical Antistat does not have a set life span. The chemicals are not known to degrade over time when stored at the proper temperature conditions as stated in the Safety Data Sheet. We also recommend that the product be stored in its original container and be sealed when not in use.

Limited Warranty, Warranty Exclusions, Limit of Liability and RMA Request Instructions

Use Disp Prov	Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Wea Use Disp Prov	Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Wea Use Disp Prov	Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Wea Use Disp Prov	Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Wea Use Disp Prov	Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Do n Wea Use Disp Prov	Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Do n Wea Use Disp Prov	Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Obta Do n Wea Use Disp Prov	Obtain special instructions before use. Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Was Obta Do n Wea Use Disp Prov	Wash mouth, skin and eyes thoroughly after handling. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Was Obta Do n Wea Use Disp Prov	Wash mouth, skin and eyes thoroughly after handling. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Do n Was Obta Do n Wea Use Disp Prov	Do not eat, drink or smoke when using this product. Wash mouth, skin and eyes thoroughly after handling. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Do n Was Obta Do n Wea Use Disp Prov	Do not eat, drink or smoke when using this product. Wash mouth, skin and eyes thoroughly after handling. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Wea Do n Was Obta Do n Wea Use Disp Prov	Wear respiratory protection. Do not eat, drink or smoke when using this product. Wash mouth, skin and eyes thoroughly after handling. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Wea Do n Was Obta Do n Wea Use Disp Prov	Wear respiratory protection. Do not eat, drink or smoke when using this product. Wash mouth, skin and eyes thoroughly after handling. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.		
Use Wea Do n Was Obta Do n Wea Use Disp Prov	Use only outdoors or in a well-ventilated area. Wear respiratory protection. Do not eat, drink or smoke when using this product. Wash mouth, skin and eyes thoroughly after handling. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection. Use additional personal protective equipment as required. Dispose of contents/container in compliance with all Federal, State/ Provincial and local laws and regulations.

Environmental Precautions:	Keep spills and bodies of wate	Keep spills and cleaning runoffs out of municipal sewers and open bodies of water.		
Clean Up:	Soak up with sawdust, sand, or other absorbent material. Shovel or sweep up. Flush spill area with water.			
Waste Disposal Method:	Discard materi	Discard material according to local, state, and federal regulations.		
Other Precautions:	Mop up spills i	Mop up spills immediately. Wet floors may present slip hazard.		
SECTION 7 — HANDLING AND STORAGE				
Handling:			id breathing vapors. Keep containers om freezing. For commercial and industrial	
Storage:	Storage temperature: Max. 49°C/120°F 1°C/34°F. Keep from freezing. Ensure the storage area is well ventilated.			
SECTION 8 — EXPOSURE CONTROL / PERSONAL PROTECTION				
Exposure Limits				
Hazardous Ingredients:	CAS No.	TLV-value	OSHA PEL	
Ethylene glycol monobutyl ether	111-76-2	20 ppm	50 ppm / 240 mg/m3	
Engineering Controls				
Control Parameters:	TLV-valve 20 ppm maximum for Ethylene Glycol Monobutyl and Dioxane.			
Ventilation:	Provide general clean air dilution or local exhaust ventilation in			
Personal Protection (PPE)	volume and pattern to prevent air contaminant concentration build-up.			
Respiratory Protection	Wear MSHA/NIOSH approved respirator where exposure limits are exceeded.			
Protective Gloves:	If there is potential for prolonged or repeated skin contact, wear plastic gloves for the duration of anticipated exposure.			
Eye protection:	Avoid contact side shields.	with eyes. Use saf	ety eye wear with splash guards or	
Other Protective Equipment:		required. If unable	e to avoid prolonged or repeated e clothing.	
Work/Hygienic Practices:	Wash hands b	efore eating, smok	king, or using washroom facilities.	
SECTION 9 — PHYSICAL AND CHEM	IICAL PROPER	TIES		
Physical State:Liquid.Color:Clear.Odor:N/A.Odor Threshold:N/A.pH: $6.5-7.5$ Boiling Point:>200°F (94°C).Melting Point:N/A.Flash Point:N/A.Flammability Limits:N/A.Evaporation Rate:N/A.Solubility in Water:Complete.Vapor Pressure (mm Hg):18.0Vapor Density (air=1):<1.0

Ignition Temperature: Decomposition Temperature: Partition coefficient: VOC per Method 24 of EPA:	N/A. N/A. N/A. 6% VOC by wt.
*This product meets VOC requiremen Subchapter 8.5, Article 2, Section 945	ts per Title 17, California Code of Regulations, Division 3 Chapter 1, 509.
SECTION 10 - STABILITY AND RE	ACTIVITY
Stability/Reactivity	Stable product at normal conditions.
Conditions to avoid	Temperatures above 49°C/120°F and below 1°C/34°F.
Materials to avoid	Avoid contamination with strong acids and oxidizing agents.
Hazardous Decomposition	Thermal decomposition may yield carbon monoxide.
SECTION 11 - TOXICOLOGICAL IN	FORMATION
Ethylene Glycol Monobutyl Ether (1	11-76-2)
Acute Toxicity:	
Ingestion:	LD50, Guinea Pig 1,400 mg/kg. LD50, Rat, male 1,746 mg/kg. LD50, Rat, 2,270 mg/kg. LD50, Rabbit 99-610 mg/kg. LD50, Guinea Pig > 2,000 mg/kg. LC50, 7 h, Vapor, Rat 700 ppm.
Skin Absorption:	
Inhalation:	
Diethylene Glycol (111-46-6)	
Acute Toxicity:	
Ingestion:	LD50, Hamster, 12565 mg/kg.
Skin Absorption:	LD50, Hamster, 11890 mg/kg.
Acute Effects:	
Eye Contact:	May cause irritation of the connective tissue.
Skin Contact:	Repeated or continuous contact may cause irritation of the skin.
Inhalation:	Irritation of nose, throat, and lack of breath.
Ingestion:	None known.
SECTION 12 — ECOLOGICAL INFO	RMATION
Mobility:	The product is aqueous and will be separated in aqueous conditions.
Degradability:	N/A.
Bioaccumulation:	Not likely.
Ecotoxicity:	None known.
Reference to BimSchV:	N/A.

SECTION 13 — DISPOSAL CONSIDERATIONS

Product:

No special precautions. Dispose of according to all federal, state and local regulations.

SECTION 14 — TRANSPORT INFORMATION

This product is not classified for transport under ADR/IMDG regulations.

SECTION 15 - REGULATORY INFORMATION

Physical/Chemical Indication:	Non-flammable.
Risk-phrase:	(R20/21/22): Harmful by inhalation, in contact with skin and if swallowed. (R36/37): Irritating to eyes and skin.
Safety Phrase:	 (S2): keep away from children, (S25): avoid contact with eyes (S26): In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. (S36/37): wear suitable protective clothing and gloves. (S46): If swallowed, seek medical advice immediately and show this container or SDS.
EINECS Status: SARA 313 Regulated	All components are included in the EINECS Inventories Ethylene Glycol Monobutyl Ether (111-76-2).
California Proposition 65:	This product is not subject to the reporting requirements under California's Proposition 65.
Pennsylvania (Worker and Community Right-To-Know Act):	Ethylene Glycol Monobutyl Ether (111-76-2).
WHIMIS:	This product has been classified according to the hazard criteria of the CPR and the SDS contains all the information required by the CPR.
SECTION 16 — OTHER INFORMATION	

HMIS RATING:Health 2, Reactivity 0, Flammability 0, Personal Protection BNFPA RATING:Special Hazard: N/A, Health: 2, Flammability: 1, Instability: 1

NFPA RATING: SDS Updated:
