Product Data Sheet

High Precision Cutters

758PL162E

Product Type: High Precision Cutters

Made in: Italy

Description: The 5162L is a high precision cutter belonging to the extra large oval cutter family. This type of geometry provides excellent resistance and the 5162L head dimensions increase its cutting capacity. The semi-flush cutting edge is suitable to perform robust cuts. The 5162L is equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharges. The blades are hardened to 67HRC hardness.

Head Description: Extra Large Oval

Cutting Edges: Semi-flush

Cutting Capacity: Soft wire 0.4 mm-2 mm (26AWG-12AWG)

Body material: High carbon-chromium low alloy steel (100Cr6)

Handle material: ESD safe - Thermoplastic Elastomer TPE + Polypropylen compound PP
