BEVCO® 6000 Series Advanced Ergonomic Design

BEVCO®

Telephone:

6000 Series

Choose BEVCO's top-of-the-line 6000 Series ergonomic seating to improve total body support, physical comfort and productivity. Built from the ground up with extraordinary care, these attractive yet durable chairs offer advanced ergonomic features and our industrial strength design.

Each 6000 Series chair comes standard with easy-to-use pneumatic height adjustment, 360 degree swivel, sturdy 25" diameter, five-legged base and stationary mushroom glides. Our wide ergonomic seat and fully adjustable backrest reduce worker fatigue while maximizing comfort and lumbar back support. Superior craftsmanship, top rated fabric, and high density foam ensure long lasting ergonomic performance.

To create a customized ergonomic fit, Models 6001, 6301 and 6501 feature independent tilt adjustment of the seat and backrest. Model 6003 goes a step further. Its four-lever system provides a 2 to 1 ratio of synchronized seat and backrest movement, rocking tension adjustment, and seat and back angle tilt. Lock in any seat and back angle desired, or lock out the forward seat tilt. Add the totally adjustable ergonomic arms option to the above models for maximum ergonomic benefit.

Models 6300, 6301, 6500 and 6501 include as standard an 18" diameter adjustable chrome footring.

BEVCO's reputation for outstanding value in quality ergonomic seating is backed by over 50 years of manufacturing. Made in the U.S.A., our products carry BEVCO's superior guarantee. It's not prorated, applies to a 24 hour day and covers defects in material and workmanship for a full 12 years! **

Model 6500

Important Standard Features

- Pneumatic seat height adjustment
- Sturdy black, scuff resistant, reinforced plastic base with heavy duty glides
- Roomy, comfortable seat, 20" W x 18" D x 3" thick with waterfall front evenly supports legs and thighs
- Large contoured backrest with polypropylene back shell provides excellent durability and lumbar back support

Upholstery

- Fabrics meet flame retardant standards of California Technical Bulletin #117 (Section E) and U.S. Dept. of Commerce standards (191-51) for stain resistance
- BIFMA rated Class 1 Olefin fabric resists fading, pilling, punctures and moisture
- Standard colors: black, gray, burgundy, royal blue, medium blue, navy or green.
- Optional all vinyl upholstery in black or blue
- For special colors contact BEVCO

Options
