Model V800SHC

V8 Series - ESD Seating

Bevco produces its VALUE-LINE SEATING series of products with the same care that all Bevco products receive. All VALUE-LINE products have been tested by an independent laboratory to assure they meet applicable ANSI/BIFMA X5.1 standards for quality, durability and safety.

Important Standard Features – All Models

- ESD models are static dissipative with a resistance of 10^6 to 10^9 ohms when measured from the seat or back to the grounding chain.
- Sturdy five legged base.
- Easy-to-use pneumatic seat height adjustment.
- Ergonomic waterfall seat for comfort.
- Contoured back with durable molded bumpers to prevent fabric wear.
- Tilt back with adjustable tension control.
- #2 philips screwdriver required for assembly.

Upholstery

- Meets flame retardant standards of California Technical Bulletin 117.
- Top rated conductive fabric is BIFMA Class 1 rated for durability.
- Available in Navy Blue fabric only.
