Model 4001
with optional casters

BEVCO®

4000 Series

Durable...that's the word that best describes BEVCO's 4000 Series seating. These truly economical, ergonomic chairs are ideal for a wide variety of "intensive use" applications including production line, assembly, drafting and office. Each model features heavy-duty construction, easy-to-use pneumatic seat height adjustment, 360 degree swivel, fully adjustable back, sturdy five legged base and glides or optional casters.

Our large contoured seat and lumbar curved backrest come with resilient high density foam to provide years of long lasting comfort and support. Rugged, DuPont Teflon protected Olefin fabric meets the flame retardant standards of CA Technical Bulletin #117 (Section E) and U.S. Dept. of Commerce standards (191-151) for stain resistance. Models 4001, 4201, 4301, 4501 and 4601 also come standard with an articulating seat and back tilt control for maximum ergonomic benefit.

Models 4000 and 4001 feature a five star glass reinforced plastic base with standard mushroom glides. Models 4200, 4201, 4600 and 4601 come standard with a black, heavy 16 gauge five legged tubular steel base, welded chrome footring and rubber cushioned metal glides. Models 4300, 4301, 4500 and 4501 feature a wider five star base with an 18" diameter adjustable chrome footring.

BEVCO's reputation for outstanding value in ergonomic seating is backed by over 50 years of manufacturing. Made in the U.S.A., our products carry BEVCO's superior "intensive use" guarantee. It's not prorated, works 24 hours a day, and covers defects in material and workmanship for a full 12 years! **

Model 4000

Important Standard Features — All Models

- Wide contoured seat for added comfort
- Contoured back with scuff resistant back pan for improved lumbar support and durability
- Easy-to-use pneumatic seat height adjustment with "lifetime" cylinder guarantee**

4200, 4201, 4600, 4601

- Heavy 16 gauge tubular steel base with top grade, scratch resistant, baked enamel finish
- 19" welded chrome footring to reduce pressure on thighs and promote better circulation

Upholstery

- BIFMA Class 1 rated Olefin fabric resists fading, pilling, punctures and moisture
- Standard colors: black, gray, burgundy, royal blue, navy, medium blue or green
- Optional all vinyl upholstery in black or blue
- For special colors contact your BEVCO distributor

Options

- Dual wheel hard floor, carpet or interval braking casters.
- Larger 20" diameter adjustable chrome footring for Models 4300, 4301, 4500 and 4501
- Mushroom glides for Models 4200, 4201, 4600 and 4601 (add 1" to seat heights)

* ANSI: American National Standards Institute, Inc. BIFMA: Business and Institutional Furniture Manufacturers Association. BIFMA standards include safety, durability and structural adequacy evaluations.

** Pneumatic cylinders have a lifetime guarantee in the chair originally installed.
