METRO BENCHSIDE TOTE CART

Metro's Benchside Tote Cart allows workers to position bins, totes, cartons, boxes, or sub-assemblies at an angle condusive to repetitive pick-and-place operations.

Each unit comes with a 45° slanted top shelf, standard Super Erecta Shelf at bottom, two brake casters, aluminum split sleeves, and a drag chain for instances where static dissipation is an issue.

FEATURES:

- **45° slanted top shelf with 4" (102mm) front ledge**

- Standard Super Erecta® bottom shelf

- **18" x 24" (455 x 610mm) footprint**

- Two swivel, two brake casters (resilient rubber)

- **Aluminum split sleeves and stainless steel drag chain**

BENEFITS:

- **Positions totes, boxes, or sub-assemblies at an angle condusive to efficient pick-and-place operations**

- Accommodates miscellaneous totes, boxes, or other items

- **Uses minimal amount of available floor space**

- Offers easy mobility and holds cart stationary at desired location

- **Provides for dissipation of electrostatic charges**
