

# Non-Sterile 100% Isopropyl Alcohol

*Texwipe quality you've come to expect in non-sterile form*

This isopropyl alcohol is filtered for cleanliness and comes in two convenient dispensers — trigger spray and bulk container. Ideal for surface cleaning, wipedowns and for use with any Texwipe cleanroom wiper.

## Description

Non-Sterile 100% Isopropyl Alcohol contains 100% semiconductor-grade isopropanol. This solution is 0.2 micron filtered and filled into cleaned, double-bagged containers. Each bottle is lot coded with an expiration date for easy record keeping.

Customers using the trigger spray bottle can choose a stream delivery for precise application or coarse spray for larger area application. This is a fully assembled, ready-to-use applicator/ container; no unpacking, handling or attaching a separate spray head is required.

## Applications

- Surface cleaning
- Wipe down for pass-through to controlled environments
- Ideal for use with cleanroom wipers
- For facilities currently using isopropyl alcohol in pails and drums

## Products

| Number       | Description  | Packaging           |
|--------------|--|---------------------|
| <b>TX111</b> | <b>Non-Sterile 100% Isopropyl Alcohol</b><br>1 gallon (3.8 liters) polybottle bulk container | 4 polybottles/case  |
| <b>TX161</b> | <b>Non-Sterile 100% Isopropyl Alcohol</b><br>16 fluid ounces (473 mL) trigger spray          | 12 polybottles/case |

## Features

- Made with semiconductor-grade isopropyl alcohol
- Filtered through 0.2 micron filter
- Double-bagged in solvent-safe bags
- Non-atomizing adjustable spray
- Fully assembled applicator, ready-to-use
- Lot traceable
- Expiration date marked on each package

## Benefits

- Removes many surface contaminants
- Evaporates and leaves extremely low residue
- Pre-filtered for pass through and use in cleanroom environments
- Eliminates in-house filtration and transfer of alcohol from larger volume pails and drums
- Ready-to-use sprayer eliminates handling and assembly of spray head
