**▲ WARNINGS: Improper use or failure to heed warnings  
may result in serious injury or death.**

Protective Apparel should be replaced immediately  
if ripped, torn, abraded or punctured.

Fabrics are not flame resistant unless specified.  
Keep away from sparks, flames and sources of ignition.  
Melting fabric can cause severe burns.

It is the responsibility of the user to assess the level of  
hazardous chemical exposure and then decide on the  
appropriate personal protective equipment needed for  
each circumstance.

The information provided within this literature refers  
to the performance of the fabric only, in the laboratory  
under controlled conditions.

Kimberly-Clark makes no representation that its  
products will provide complete protection from  
exposure to contaminants.
