

## CIRCUS MAGNIFIERS

**NEWLY  
REDESIGNED  
IN METAL**

The right light

**LUXO**

Luxo's Circus Magnifier now combines its sleek styling and high-output illumination with a newly redesigned metal housing. The highly flexible, self-balancing shade allows the lamp head to be positioned horizontally, vertically and laterally. A fully enclosed, hands-free neck assembly not only makes the Circus Magnifier simple to adjust, but also ideal for Industrial and Manufacturing environments as well as Cosmetology, Health Spas, Beauty Salons and Clean Room applications where optimal sanitation is sought.

- 6.5" diameter, optical-quality white-crown, 3.5-diopter (1.88X) or 5-diopter (2.25X) glass lens.
- 2.5X greater light output than a traditional 22WT9 illuminated magnifier.
- Hands-free neck assembly – no knobs to tighten, nothing to adjust.
- 3500 lux at focal length.
- 22WT-5C fluorescent lightsource provides high-output illumination which virtually eliminates shadows.
- Heavy-duty die-cast aluminum housing which is non-corrosive and durable.
- Fully-enclosed arm and neck assembly with protective rubber cover.
- 45" covered spring-balanced arm with .75" steel tubing makes it easy to position the luminaire where needed, simplifies cleaning and maximizes sanitation.
- Removable tinted hinged lens cover protects the lens from unwanted dust, debris and contamination and allows for safe operation in direct sunlight.
- High frequency electronic ballast eliminates flicker and prolongs lamp life.
- Built-in handles enables easy positioning of lamp head.
- Minimum Clearance Bracket. The AH bracket allows for almost zero clearance (approximately ¼" clearance) between adjacent benches. It also provides more freedom of movement by raising the swivel point of the magnifier 2" higher above the bench surface. Its increased "jaw" size permits it to be clamped to surfaces up to 2.75" thick.
- Multi-Lens Capability: The Circus Magnifier offers a variety of accessory lenses for increased magnification.
- UL/CUL listed.
- 5 year warranty.

# CIRCUS MAGNIFIERS

### Cosmetology and Health and Beauty Spa Applications

Luxo's Circus Magnifier is not only elegant and slimline but also sturdily constructed to withstand the rigors of everyday use in any health spa or beauty salon. The arm and neck assembly make the Circus extremely flexible and capable of being positioned to the exact requirements of the beautician.

### Clean Rooms, Industrial and Electronics Applications

The Circus Magnifier is ideal for Class 10,000 Clean Room applications such as those found in the biotechnology, pharmaceutical, microelectronics, medical, military, semiconductor and telecommunications industries. With a newly redesigned die-cast aluminum housing, hinged lens cover and fully-enclosed arm and neck assembly with protective rubber cover, the Circus Magnifier is easy to maintain and promotes sanitation in Clean Room environments.

### Circus Magnifiers

Part No.	Description	Lens Type	Color	Arm Length	Mounting Bracket
17980WT	Circus-1/AH 3.5D	3.5-Diopter	WT	45"	Edge Mount
17981WT	Circus-1/AH 5D	5-Diopter	WT	45"	Edge Mount
