Dual Conductor Fabric Wrist Band 2368 is used exclusively with the 3M Workstation Monitor 724 and 3M Wrist Strap Monitor 725.

Additional

One size adjusts to any size wrist to provide reliable protection. The wrist strap features a band made of a silver plated, monofilament, continuous thread woven together with elastic nylon to maintain full conductivity, comfort and reliability, while providing rapid and continuous drain of static charge. Two-one megohm resistors are built into the ground cord. Adjustability also simplifies ordering procedures and inventory control by eliminating the need to order and stock several band sizes.
