

# Ergo-Stat™ ES-7000

The anti-fatigue matting you wear

## Description

This Ergo-Stat™ ESD sole grounder uses the highest quality materials that deliver performance and durability. Fitted with a rugged removable 1 megohm resistor with 18" conductive ribbon, Ergo-Stat™ ESD provides stationary and mobile workers with safe static discharge to ground (i.e., when ribbon is tucked between the sock and shoe and a dissipative floor is used.). ESD protection using Ergo-Stat™ on both feet provides consistent grounding through the entire walking motion. Like a mobile anti-fatigue mat, Ergo-Stat™ ESD dramatically reduce pain and fatigue experienced when standing or walking on hard surfaces. Ergo-Stat™ ESD footwear fit onto almost any type of footwear including safety shoes, and are fully adjustable. They can be cleaned and are available in 5 sizes.

## Ergo-Stat™ provides all the benefits of traditional anti-fatigue mats, plus:

- **Lower cost than comfort ESD mats** - Reduces the wear on expensive ESD footwear.
- **100% coverage** - All employees can now experience the benefits that only those standing on stationary comfort mats previously enjoyed.
- **100% mobility** - Cover the entire facility with 2' of matting. Conforms and compliant to ANSI EOS 20.20-2007 and all European specifications.
- **100% efficiency** - Stand or walk on all of the mat, all of the time.
- **Increased productivity** - Now all employees can experience static protection, increased comfort, energy and vitality resulting in greater safety, productivity and profitability.
- **Increased slip resistance** - Compared to both regular and slip resistant footwear.
- **Increased life of footwear including safety shoes** - Drains static electricity safely.
- **Reduced trip hazards** - No edges to trip on when walking on and off a mat.
- **Reduced cleaning and maintenance costs** - Think of all the time and effort spent cleaning and maintaining traditional mats.
- **Reduced waste material** - Up to 90% less material sent to landfill when mat is replaced.
- **Easy to clean** - With soap and water.
- **Low cost** - \$64.50/pair (low volumes)

**Warranty:** Static Solutions, Inc. expressly warrants that for a period of (1) one year from the date of purchase any Static Solutions, Inc. product will be free of defects in materials and will function within its specifications. Within the warranty period, the product will be repaired or replaced at Static Solutions, Inc.'s option with no cost to the customer as long as Static Solutions, Inc. receives notice during the warranty period. Defective products must be shipped prepaid to Static Solutions, Inc.'s factory. Call Static Solutions, Inc. customer service at 508-480-0700 for a return authorization number. Include a copy of the invoice, packing slip, or other proof of purchase.

**Warranty Exclusion:** The foregoing express warranty is made in lieu of other product warranties express and implied, including merchantability and fitness for a particular purpose which are specifically or indirectly disclaimed. The express warranty will not apply to defects or damage due to neglect, misuse, accidents, alterations, operator error, failure to properly maintain, follow instruction, or failure to clean or repair products.

**Limit of Warranty:** In no event will Static Solutions, Inc. or seller be responsible or liable for special, incidental or consequential losses or damages, whether based on tort, contract, or the use of or inability to use, the product. Before using the product users shall determine the suitability of the product for their intended use. The users assume all risk and liability whatsoever in connection therewith. Fulfillment of Static Solutions, Inc.'s warranty obligations will be the customer's exclusive remedy and Static Solutions, Inc. and seller's limit of liability for any breach of warranty or otherwise.
