

The LED-600 is the perfect desktop lamp for students, hobbyist and office workers.

This unit features a powerful, but ultra bright Ring of 48 LED (*Light Emitting Diodes*) that offer ultra-bright white light, with low current draw.

The 11" Adjustable Gooseneck Design allows freedom of movement in any direction.

The head houses a powerful 3.5", 3 Diopter magnifying lens with built in dust cover. The weighted base makes this lamp the perfect desktop accessory.
