

Omega 5 ESD Magnifier

D25151

This state of the art Magnifying lamp provides complete protection against static electricity and electrostatic discharge. The entire lamp (head, lens, joint & arm) is grounded and has special static dissipative materials to smoothly take away static charges in a controlled manner, preventing any build up of static electricity which gives complete protection against ESD.

ESD Protection

The entire lamp (head, lens, joint & arm) is grounded and has special static dissipative materials to smoothly take away static charges. Suitable for use in EPA (Electro Static Protected) Areas to IEC 61340-5-1 and ANSI/ESD 20:20.

Bright Light and Quality Glass

12.7cm (5") optical quality glass lens with 42 daylight premium LEDs with 2 brightness settings.

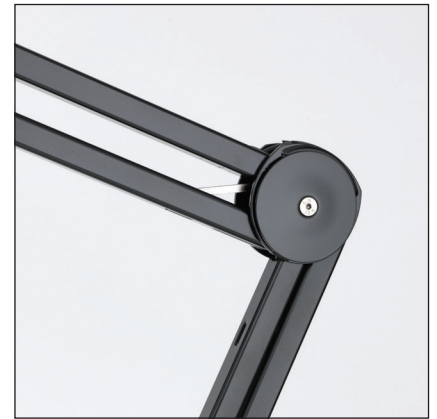

Reinforced Head joint and arm

The multi position head joint allows the lamp to be easily positioned with just one hand. The long reach arm with internal springs and reinforced joints ensures effortless movement and precise positioning.

Omega 5 ESD Magnifier

D25151

Key Features

- Ergonomic and professional ESD magnifying lamp
- 42 daylight premium LEDs with full and half brightness settings
- Lamp brightness: 5,500 lux at 15cm (6")
- Optical quality glass lenses 12.7cm (5"), 3D (1.75X)
- Unique quick change lens mechanism - no tools required
- Effortless free-motion arm & head joint with wing nut - holds any position
- Reinforced arm and joints
- Long reach 115cm (45.3") max
