

Thunderbuff™

Silicone-free nylon/polyester microfiber wipe

Description

The Thunderbuff microfiber washable wipe is a silicone-free, terry style knitted wipe made of nylon/polyester microfiber. The edges of the large size (16" x 16") wipe use a proprietary wrapped hem, which ensures the Thunderbuff will retain its shape and will not develop curled or frayed edges. The microdenier fiber construction is durable, lint reducing, and holds more wax, taking longer to fully "load." Laundered in a cleanroom laundry to reduce linting and particle generation. Ideal for removing glaze, polish, dust, fingerprints, and detailing overspray.
