DISPOSABLE FACE SHIELD

For facial protection against droplets, bacteria and dust

Features:

- Double-side anti-fog APET*
- Environmentally friendly
- Elastic band and buttons
- Non-sterile

Usage:

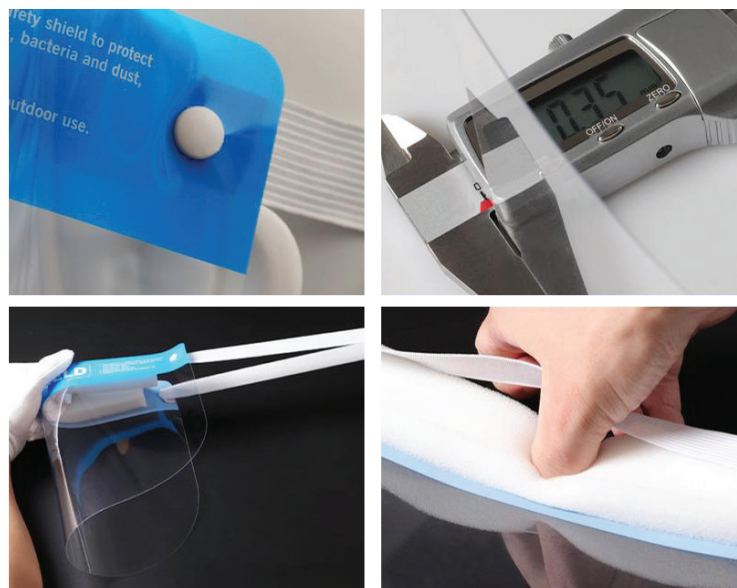

- » Manufacturing
- » Schools
- » Transportation hubs
- » Warehouse
- » Offices
- » Other public areas
- » Shipping/Receiving
- » Supermarkets

Directions:

- Open package and remove face shield.
- Remove all protective films.
- Pull the elastic band and place the face shield on the forehead and adjust to the most comfortable position.

Storage:

- Store in a room with relative humidity not exceeding 80%; no corrosive gas and well-ventilated.

*Anti-fog feature will be reduced or lost after washing. Do not expose the face shield to bright light. Keep the face shield away from sharp objects.
