

Pink Anti-Static Seal Top Bag

PRODUCT DESCRIPTION

Pink Anti-Static seal top bags are excellent for protective storage of sensitive electronics that must be accessed multiple times. The pink anti-static material contains additives that effectively eliminate the hazard of static damage during packaging, storing and shipping. It has a surface resistivity of 10^{12} ohms/sq.in. and is amine-free, so it won't damage sensitive polycarbonate boards.

- Choose Pink Anti-Static material when static control is necessary, but Faraday Cage Protection is NOT required.
- Effectively eliminates the hazard of static damage to sensitive electronic components during packaging, storing and shipping.
- Convenient seal top closure
- Amine free
