All-Spec ESD Workstation Cover

The All-Spec Workstation Cover is a washable, blue, ESD-Safe workstation cover constructed of polyester and featuring a 4 mm grounding snap. Designed to provide a Faraday Cage over the entire workstation while shielding work in progress from static, dust, etc, the cover features a silk-screened ESD symbol in the center and bound edges.

Item #	Width	Length
355-2436	24"	36"
