
RECHARGEABLE AUTO-OFF HEADLAMP

Bright, 400 Lumen headlamp
smart enough to turn itself off

**KLEIN
TOOLS®** 

RECHARGEABLE AUTO-OFF HEADLAMP

Klein Tools' durable headlamp provides a super bright boost mode of 400 lumens or all-day light with either the spotlight or the broadcasting flood light setting. You'll know when it's time to recharge the lamp, because the LED lights on the battery gauge clearly indicate how much battery you have left. Wear this lamp with the adjustable silicone strap or attach directly to a Klein® Hard Hats equipped with the bracket system. This headlamp also features auto-sensing technology that turns off the unit after three minutes in bright light, saving battery... and a little embarrassment.

**AFTER 3 MINUTES IN
