

## Product Datasheet

**Product NO. :** **758PL1001**

**Product Type:** Shears

**Made in:** Italy

**Description:** PTR20SM is an angled mini shear full flush cutter. Its slim profile designed for improved accessibility allows an eased cut in difficult areas. The angled head provides excellent sight lines when used in either the vertical or horizontal position.

Its shears employ a unique technology to carry out a clean and smooth cut. Providing this cutter with anti-shock shear cut features, in fact, this system greatly reduces mechanical shock to the component and requires the operator less effort to perform the cut. The shear is equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharges.

**Body material:** Carbon Steel

**Handle material:** ESD safe - Bi-material plastic
