

Product Data Sheet

Sticky Roller Handle, Cleanroom

TNP100188EA, TNP100189EA, TNP100190EA, TNP100191EA, TNP100192EA

Cleanroom Environment certified roller handle. Primarily used with sticky rollers in the removal of dust and debris in a cleanroom environment

Product Features

- High quality sticky roller handle
- Compatible with both sizes of our Cleanroom Sticky Rolls.
- Specially designed to efficiently clean hard to reach areas
- Handle Extender available
- Good wear resistance, anti-aging, anti-static, moisture-proof and anti-moisture
- Wear resistance, anti-aging, anti-static, moisture-proof

Recommended Applications

- Cleanroom Environment
- Hospitals
- Manufacturing Environments
- Mainly applicable to electronics, semiconductor, LCD, PCB and other industries

Notes for use

- 1) It is similar to the roller used to paint a wall. It just needs to roll on the surface to be cleaned as if painting a wall.
- 2) To replace the roller when all the sheets have been used, simply slide the roller off the handle and replace with a new one.

Rev. DEC22

Sticky Roller Handle, Cleanroom
