## Product Data Sheet

---

Product Number: 758ST0368

Model: Heel Grounder, Disposable, 100/Pkg., Yellow

### Description:

Disposable Heel Grounders are the ideal solution for visitors and temporary personnel on the work floor of static controlled environments. It is a non-woven polyester with a wide conductive fiber strip. It easily adheres to the sole of the shoe and tucks conveniently into the inside of footwear to provide a conductive path to ground. Always wear two grounders, one on each shoe. The ribbon design wraps over the heel of the shoe, boot or sneaker, laying on the insole making contact under the foot of the wearer.

Picture:

---

**Scope:** This specification defines the technical requirements for heel grounders under the brand Techni-Pro. If not otherwise specified, the grounding snap should meet or exceed the requirements of ANSI ESD-S20.20 and ESDA Standard 1.1-2006.

Resistance: Point to Point > 1 x 10e5 to < 3.5 x 10e7

### Applications:

Heel grounders provide a path-to-ground for operators that must be mobile. Operators should wear two heel grounders, one for each foot and be used in conjunction with an anti-static floor or mat.
