| Engineering controls: | Use adequate ventilation to remove molten vapors or fumes. |
| Respiratory protection: | Solid Resin: Dust safety masks are recommended when the potential for dust inhalation exists. Molten Resin: No personal respiratory protective equipment normally required. Where the potential exists for exposure to decomposition products due to heating or elevated temperatures, wear NIOSH approved respiratory protection as appropriate. Observe OSHA regulations for respirator use (29 CFR 1910.134). |
| Eye/face protection: | Safety goggles or safety glasses with side shields. Full face protection should be used if the potential for splashing or spraying of product exists. Do not wear contact lenses. |
| Skin protection: | Insulated gloves and long sleeved clothing are strongly recommended when working with molten adhesive. |
