

# Industrial Taping & Labeling Solutions

## "We Are Dispensers"™

PRODUCT QUICKVIEW

### ELECTRONIC TAPE DISPENSERS

INDUSTRIAL HEAVY-DUTY AUTO FEED & CUT

#### zcM1000®

- For medium to high production applications
- Program a defined length
- LED digital length setting
- .28" to 2" in tape width
- .79" to 39" in cut length

#### TDA080

- Heavy-Duty Construction
- .25" to 3.15" in tape width
- 1.6" to 394" in cut length
- TDA080-M available with programmable memory

#### TDA150

- Heavy-Duty Construction
- .25" to 5.9" in tape width
- 1.6" to 394" in cut length
- TDA150-NM available for protective films and foil tapes

#### zcM1100

- Same features as zcM1000
- Additional safety-guard system prevents injuries
- 1.2" to 39" in cut length

#### TDA080-NS

- Heavy-Duty Construction
- For foam and VHB tapes
- .25" to 3.15" in tape width
- 1.6" to 394" in cut length

#### TDA025B

- Electric carousel tape dispenser
- Ideal for multi-operator applications
- .12" to .98" in width
- .6" to 2.76" in length

### ELECTRIC LABEL DISPENSERS

AUTO PEEL & ADVANCE WITH PHOTOSENSOR

#### LD3000

- For small labels and small work areas
- Built-in hanging capability
- .25" to 2.25" in label width
- .25" to 3" in label length
- Battery option available
- Made in USA

#### LD6000 SERIES

- LD6025, for small barcodes
- LD6050, for most labels
- LD6100, for long labels
- Built-in hanging capability
- .25" to 4.75" in label width
- .125" to 6" in label length
- Made in USA

#### LD8000 SERIES

- LD8025, for small barcodes
- LD8050, for most labels
- LD8100, for long labels
- .25" to 5" in label width
- .25" to 20" in label length
- Made in USA

#### LD3500

- For clear labels in small work areas
- Built-in hanging capability
- .5" to 2" in label width
- .25" to 4" in label length
- Battery option available
- Made in USA

#### LDX6000 SERIES

- LDX6025, for small barcodes
- LDX6050, for most labels
- LDX6100, for long labels
- Built-in hanging capability
- .25" to 7" in label width
- .125" to 6" in label length
- Made in USA

#### LDX8000 SERIES

- LDX8025, for small barcodes
- LDX8050, for most labels
- LDX8100, for long labels
- .25" to 8" in label width
- .25" to 20" in label length
- Made in USA

### LIGHT-DUTY TAPE DISPENSERS

#### zcM0300

- For low volume production
- Manual, definite length
- .25" to 1" in tape width
- .5" to 4" in tape length with a single pull

#### zcM0800

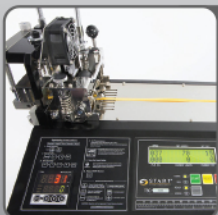

- Entry level dispenser for low to medium production with thin film tape
- Auto advances when tape is pulled
- .25" to 1" in tape width
- 3 fixed lengths: 1.2", 1.8", and 3.5"

### NON-ADHESIVE CUTTERS

#### TBC50

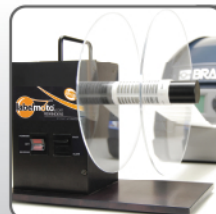

- Heavy-Duty, Cold Cut
- Auto dispenses, measures, and cuts non-adhesive materials
- Cuts tubing, sleeving, Nomex®, Velcro®, ribbon, etc.
- Up to 4.3" wide material
- High-speed operation

#### TBC50H

- Heavy-Duty, Hot Cut
- Auto dispenses, measures, cuts, and heat-seals non-adhesive materials prone to fraying
- Cuts ribbon, belting, webbing, sleeving, strapping, rope, etc.
- Up to 3.54" wide material
- High-speed operation

### SPECIALTY MACHINES

#### LR4500

- Label Rewinder for labels dispensed from thermal transfer printers or reels
- .25" to 4.5" liner width
- Bidirectional with two speeds
- 9" OD maximum roll capacity
- LR4500W available for 7" maximum liner width
- Made in USA

#### LAB01

- Bottle Label Applicator
- Quickly applies labels to bottles, cans and jars
- Provides consistency - places labels in same location
- Adjusts to accommodate .5" to 6.5" diameter cylinders
- Made in USA

## OUR MACHINES CAN BE USED IN

General Coil Winding  
Promotional Labels

pharmaceutical

Barcodes

PACKAGING

Wire Harnessing

Heat-Shrink Tubing

Product ID

Battery Manufacturing

Die-Cut Gaskets

AUTOMOTIVE Safety Seal

MANUFACTURING VHB Application

FOOD & BEVERAGE

SOLAR & WIND POWER RFID

Nutritional Info Labels

MEDICAL

Parts Assembly

...PLUS COUNTLESS  
OTHER APPLICATIONS

Want to be sure your material will work?

Follow These Simple Steps:

1. Download and fill out the evaluation form at [STARTinternational.com/evalform.pdf](http://STARTinternational.com/evalform.pdf)
2. Send in your material
3. Get free machine recommendation
4. Increase Your Productivity!

Look for the  
OFFICIAL START® SEAL  
on your dispenser to ensure  
that you're receiving our trusted quality

### Material Evaluation Form

\*\*\* Return a copy of this form along with your sample material (minimum of 15 feet) \*\*\*

Why fill this form out? START International will test your material for free and recommend the product that best fits your application. We don't just sell machines... we offer solutions.

START Int. Employee Assisting with Evaluation: \_\_\_\_\_

Name: \_\_\_\_\_ Company: \_\_\_\_\_

Address: \_\_\_\_\_ City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_ Country: \_\_\_\_\_

Tel: \_\_\_\_\_ Fax: \_\_\_\_\_ Email: \_\_\_\_\_

Preferred Type of Equipment: (check all that apply)

- If you would like us to do testing on a specific machine, fill in here:
- 1 ☐ Electric Tape Dispenser ☐ Electric Label Dispenser ☐ Non-Adhesive Cutter
- ☐ Specialty Application ☐ Bottle Labeler ☐ Other: \_\_\_\_\_

Please Describe the Following: (if applicable)

- 2 Required Cut Length(s) and Tolerances(s):  
(Please Specify and Non-Adhesive Cutter Only)
- Process being performed: \_\_\_\_\_ Desired Process Time: \_\_\_\_\_
- Present process time: \_\_\_\_\_
- 3 Type of Tape (material, width, brand):  
Type of Label (Die-Cut Port (insert), size, brand):  
Is the material spooled ☐ or loose ☐ For spooled, what is the weight of the spool including material?  
(Please Specify and Non-Adhesive Cutter Only)
