

Product Data Sheet

Table Mat Roll, 3-Layer, Vinyl, Blue / Gray

10069955 - 10069960

Product Information

The Techni-Pro Mat Roll features a three-layer design, 0.125" thickness, providing excellent electrical and ergonomic comfort that only a foam-backed material can offer. It is compatible for use with continuous monitors. The top layer is made of conductive carbon, the middle layer provides a quick discharge path to ground, and the cushioned dissipative bottom layer is made of durable vinyl. It is suited for use as an ESD protective bench mat or tray mat. Its highly custom layer provides excellent protection against physical damage.
