On Line

Mold Cleaner & Resin Remover

On Line Mold Cleaner and Resin Remover was developed as a solution to the problem of resin build-up faced by today's volume molders.

DESCRIPTION:

On Line Mold Cleaner and Resin Remover is the most advanced, carefully blended CFC free solvent aerosol created for the use of resin removal and mold cleaning. On Line Mold Cleaner and Resin Remover allows fast and efficient removal of polycarbonates and polystyrenes. On Line Mold Cleaner and Resin Remover will soften hard plastics such as nylon and delrin. On Line Mold Cleaner and Resin Remover's adjustable spray tip provides versatility and precise spray direction for cleaning small areas without residue.

On Line Mold Cleaner and Resin Remover is a direct replacement for Chlorinated Solvents. It is an ideal mold cleaner for use at the press while in production, and will aid in cleaning off plastic build up and unwanted greases and oils, yet will work as a universal bench maintenance product.

PERFORMANCE CHARACTERISTICS:

- Excellent for Removing Gas Build Up
- Leaves No Residue
- Removes Polystyrenes, Polycarbonates, Nylons, Colfax and some Delrins
- Fast Acting
- No Residue
- CFC Free
- Adjustable Spray Tip
- No Strong Odor

REMOVAL SPECIFICATIONS:

On Line Mold Cleaner and Resin Remover does not require removal.
